To block acts with a deposit

-This will guarantee your spots for the amount of acts you block.

-Add in the number of routines you wish to block off & then click payment and the deposit amount will then show for that amount of acts.

You cannot add more acts when you do your final registration, you can only add more acts when your zone opens for any remaining spots and you need to contact us before so we can adjust your account.

The Software will calculate 2 acts at a time that you block and pay a deposit for; le 3 to 4 acts will calculate a 50% deposit at 4 acts, Block 5 acts will calculate 50% deposit at 6 acts etc.

NEED TO BLOCK MORE THAN 20 ACTS? Please contact us direct

-Finalise the deposit payment to secure these spots and then you can at anytime go back into your account and do your registration of acts with ages, names, categories etc. Must be all completed before your closing date as listed for your zone. Deposit is non- transferable to another account.

The deposit payment you make comes off your final total due when you go back and add in your actual registration of acts.

Ensure you only block off for the amount of acts you need as any unused acts or not finalised by closing date will be a 100% cancellation fee. Unless your acts did not qualify.
